Direct Dialled call charges

Each non geographic dial code is in a charge band. To find out how much it costs to call a particular non-geographic number, simply look up the dial code and charge band below.

- Where call charges are shown as pence per minute (PPM) you'll be charged for every minute that you're connected to the network.
- Where call charges are shown as pence per call (PPC) you'll be charged this amount at the point you are connected to the network.
- Call durations are accurate to plus or minus 1.1 seconds and are rounded up to the next minute.
- Charge band periods are accurate to plus or minus 1 minute.
- Service Charges are set by the company providing the service not Virgin Media. These tables are provided for guidance only.
