

# Virgin TV V6 Box

Powered by TiVo<sup>®</sup>

## In a nutshell

The Virgin TV V6 box, powered by TiVo, is Virgin Media's smallest, smartest and fastest box yet. It is half the size of Virgin Media's previous TiVo box with 10x the power and packed with a load of extra features.

## What you need to know

### Record six shows – watch a seventh

- Record six programmes while watching a seventh recording, or stream from services such as Netflix
- 1TB of storage allowing 500 hours of SD recordings or 100 hours of HD recordings

### 4K ready

- All Virgin TV V6 boxes support 4K Ultra-High Definition (UHD) TV with Netflix and YouTube available in 4K from launch
- HDR compatible to ensure the very best picture quality for people with compatible TVs<sup>\*</sup>

### Virgin TV Anywhere app

- Watch live TV and on demand box sets anywhere over WiFi
- Selected Virgin TV V6 box recordings available around the home and offline
- Remotely set, cancel and delete recordings on any box powered by TiVo
- Use mobile device as a gesture-based advanced remote control

### Keep your recordings

- Compatible with Virgin Media's current TiVo box meaning that existing Virgin Media customers can keep recordings, and stream them to other<sup>\* \*</sup> boxes around the home, and transfer settings

### Finish where you left off

- Recordings, on demand programmes and live TV can be watched in one room, paused and continued in another seamlessly through any TiVo powered box
- Recordings can be continued on a mobile device with the Virgin TV Anywhere app

### A smart, quick and familiar menu

- Reassuringly familiar menu is superfast to navigate and apps open at lightning speed
- Smart search and SeriesLink+ makes finding programmes on Virgin TV quick and easy – no matter where they are

### Superpowered remote

- Remote still works brilliantly if the Virgin TV V6 box is tucked away in a cupboard. Plus, if it's ever lost there's a button on the new box which will make the remote beep so it can be rescued from the depths of the sofa

<sup>\*</sup>Software update will be automatically downloaded in due course

<sup>\*\*</sup>Virgin TV V6 box to TiVo box streaming will require a Powerline or Ethernet connection
